# Tools for Life Mission

We're here to help Georgians with disabilities gain access to and acquisition of assistive technology devices and assistive technology services so they can live, learn, work, and play independently in the communities of their choice.

# AMAC

AMAC Accessibility is a social change organization on a mission to create affordable services for governmental, private and non-profits organization working with individuals with disabilities. Services include e-text, braille, captioning, assistive technology, office management software and consulting.

# Accessibility Made Smart

AMAC creates practical solutions that work, with a focus on utility, ease of use, and high quality.

- **Accessibility Consulting** focuses on organizational accessibility needs with evaluation, technical assistance, customer support, and website accessibility solutions.
- **Braille Services** produces customized projects from both print materials and electronic text including partial books and chapters or graphics only using cutting-edge technology.
- **Captioning Services** makes classrooms, meetings, labs and other audio environments fully accessible for deaf or hard-of-hearing.
- **Professional E-Text Producers** provide high-quality e-text in many formats such as PDF, DOC, DAISY, and HTML.
- **Certified Assistive Technology team** provides on-site and remote assessments, demonstrations, training and technical assistance for education, work, and daily living environments.

For more information, please visit our website at [www.amacusg.org](http://www.amacusg.org)

# THE FACTS

- One out of four American families has a relative who has a mental illness or about 57.7 million Americans diagnosed per year.
- Mental illness typically strikes young people in their most productive years, 16-25.
- WHO reports that 4 of the 10 leading causes of disability are mental disorders
- Mental illness costs the US \$444 billion/year - mainly lost wages
- With proper Diagnosis, Medications and Therapies 70%-90% of individuals have reduced symptoms and better quality of life.

# Impact of Mental Illness

- Concentration**
  - Depression or Racing Thoughts**
  - Fatigue**
- Memory / Organization**
  - Medication Side Effects**
  - Treatment Residual - ECT**
- Inconsistency**
  - Mood Changes**
  - Decision Making Skills**
- Unpredictability**
  - Agitation**
  - Risky Behavior**

# The "FAST" Track

- **Frustration**
- **Anxiety**
- **Stress**
- **Tension**

# Examples of Interventions

- “Check in” for positive behavior
  - Catch them on their best behavior!
- Self monitoring
- Video prompting
- Cognitive behavior therapy
- Cooling down and mindfulness practice

# Mental Health Technologies

- Soothers / Comforters - (Anxiety)
- Distracters / Disrupters - (Agitation)
- Reminders / Schedulers - (Memory)
- Safety / Monitoring - (Risk Behaviors)
- Mood Trackers / Screeners - (Therapeutic)

# **AT as a Supplement to Treatment**

- Digital Hand Held Devices**
  - Smart Phones, Pagers, Watches**
  
- Tablets, Computers, Sound Machines**
  - Video Conferencing, Social Networking, Sleep Aids**
  
- Apps, On-line or On-Board Accessibility Software**
  - Commercial Apps, Text Reader, Color Options**
  
- Low Tech**
  - Ear Buds, Pocket Stone, Note Pads, Service Animal**

# Considering No/Low Tech to High Tech

# **DBSA Wellness Tracker**

[www.DBSAlliance.org/Tracker](http://www.DBSAlliance.org/Tracker)

**On-line - iOS App - Android App**

**Provides key health trends for mood disorder**

- **Overall Mood** – (depressed to manic)
- **Well-Being** – (cheerful, calm, active, rested)
- **Mood Disorder Symptoms** – (rate and comment)
- **Lifestyle** (including sleep, exercise, etc.)
- **Medication and Side Effects**
- **Physical Health**

# PTSD Coach

FREE!

Android & iOS

- PTSD Coach was designed for Veterans and military Service Members who have, or may have, Posttraumatic Stress Disorder (PTSD). This app provides users with education about PTSD, information about professional care, a self-assessment for PTSD, opportunities to find support, and tools that can help users manage the stresses of daily life with PTSD. Tools range from relaxation skills and positive self-talk to anger management and other common self-help strategies. Users can customize tools based on their preferences and can integrate their own contacts, photos, and music. This app can be used by people who are in treatment as well as those who are not. PTSD Coach was created by VA

# Emerging Technology

- **Devices that Monitor – Breathing, Heart Rate, Voice Pattern Changes**
- **Auto Texting to or from Consumers to their Therapist or Health Care Facility**
- **Virtual Reality Treatments – PTSD**
  - **provides real world environments during exposure therapy**

# Behavior Trackers

- Easy Behavior Tracker for Teachers (1.99)
- Autism Tracker Lite: Track analyze and share ASD daily (free)
- Group Star Charts (.99)

- CBT4Kids Toolbox (free)
- DBT Emotion Regulation Tools (7.99)
- Kid CBT ABC
- [https://itunes.apple.com/us/app/kid-cbt\\*abc-way/id552651162?mt=8](https://itunes.apple.com/us/app/kid-cbt*abc-way/id552651162?mt=8)

# Mindfulness

Class or individual “breathing break”.

- [Tips for Teaching Mindfulness to Kids](#)
- Relax Sounds – Relaxing Nature & Ambient Melodies (free)
- Take a Break! –Guided Meditation (free)
- Stop, Breathe & Think (free)
- Relaxing Sounds & Ambient Music for Sleep, Meditation, Yoga (\$2.00)

# Reduce Stress

“The survey found that women who frequently use social media, along with other technologies, to connect with friends and family report feeling less stressed than women who connect less often.

The researchers at Rutgers University in New Jersey and the Pew Research Center in Washington, D.C., found that women who frequently email, text and use social media scored 21 percent lower on a test that measures stress than women who don't use these technologies”

- Elizabeth Palermo, LiveScience

# **APPS for Mood/Emotion Management**

- **Operation Reach Out (free iOS, Android)**
  - **Developed by military to prevent suicide**
    - **Helps access thinking and when to reach out for help when in crisis**
- **T2 Mood Tracker (free iOS, Android)**
  - **Allows users to monitor moods on pre-loaded scales**
- **MindShift (free iOS, Android)**
  - **Tools for relaxation; develops new thinking; suggests healthy activities**
- **Breathe2Relax (free iOS, Android)**
  - **Uses guided breathing exercises to reduce anxiety**

# T2 Mood Tracker

**FREE!**

**iOS**

- T2 Mood Tracker allows users to monitor their moods on six pre-loaded scales (anxiety, stress, depression, brain injury, post-traumatic stress, general well-being). Custom scales can also be built. Users rate their moods by swiping a small bar to the left or to the right. The ratings are displayed on graphs to help users track their moods over time. Notes can be recorded to document daily events, medication changes and treatments that may be associated with mood changes, providing accurate information to help health care providers make treatment decisions.

# APPS for Mood/Emotion Management

- Self-Help for Anxiety Management(SAM) (free iOS, Android)
  - Tell the app how you're feeling, how anxious you are, or how worried you are.
  - app's self-help features walk you through some calming or relaxation practices.
- iZen garden (\$4.99, iOS)
- Koi Pond (\$1, iOS)

# APPS for Sleep Management

- Sleep Time-Alarm Clock (free, iOS, Android)
- Sleep Cycle (\$1, iOS, Android)
- Sleepbot ( free, iOS, Android)
- Monitors sleep habits
- Uses accelerometer in the smartphone, tells you how quickly you fall to sleep, when you enter each phase of sleep, and how efficient each sleep cycle is. The app gently wakes you up at the right time, not in the middle of a deep sleep

# Relax Melodies: Sleep & Yoga

FREE!

iOS and Android

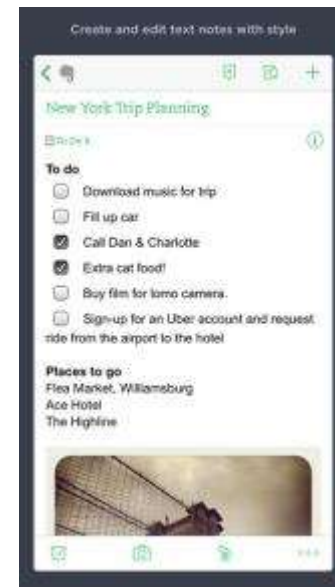

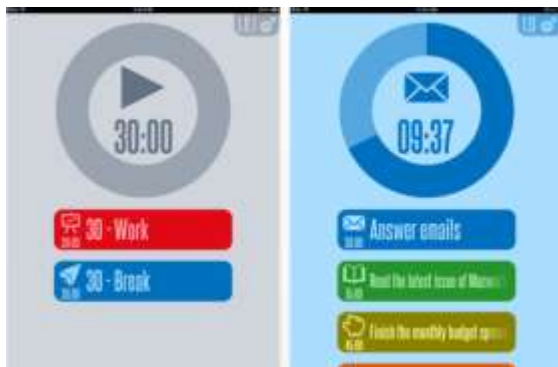

- Relax Melodies is the LEADER in personalized relaxation and sleep assistance. No more lacking of sleep or insomnia for you! The sleep that you need and want is waiting for you. Relax Melodies and its many features such as high quality white noise sounds, music melodies and complete customizable mixes will help you sleep like never before!
- Here's how it works :
- 1. Create a sleep mix by selecting sounds and music that you like.
  2. Slip naturally into a relaxed state or a deep sleep...!
  3. Awake, feel refreshed and happier
  4. Do it again, anytime!
- Use it also in many other situation such as while exercising, during your yoga meditation sessions, while massaging, during a quick nap or even to help your baby fall asleep faster!

# Task Management

- Evernote (free, iOS, Android, Windows)
  - allows you to store text, photos, and audio notes on your device of choice. Create "notebooks" and categorize notes for meetings and to-do lists. Notes are tagged with geo-location for mapping or search. Keep all info in one place
- 30/30 (free, iOS, Android, Windows)
  - Set up tasks and time needed to complete
  - App will tell you when to move onto next task

# Organizations

- **Depression and Bipolar Support Alliance (DBSA) [www.dbsa.org](http://www.dbsa.org) and [www.FacingUs.org](http://www.FacingUs.org)**
- **National Alliance on Mental Illness (NAMI)**

**My Question to You:  
What have You Learned today?**

Thank You!

thank you
